Capital Funding, LLC Taps Taylor To Lead FHA Multifamily Financing Program

BALTIMORE (September 14, 2012) – Capital Funding, LLC has tapped Mary Jo Taylor to develop a multifamily financing platform through the US Department of Housing and Urban Development.

The HUD Federal Housing Administration Multifamily Program insures loans originated by approved lenders for the construction, substantial rehabilitation, acquisition and refinancing of apartments. As an FHA approved lender, Capital Funding's primary concentration has been on long-term care facilities with a current loan portfolio of over \$2 billion.

"Jo is a wonderful addition to the team and I am confident in her ability to build Capital Funding's multifamily financing program," said Debbie Spangenberg, president of Capital Funding, LLC.

Taylor has over 25 years of banking experience in the Greater Baltimore area, specializing in commercial real estate lending. Her background includes leasing as well as multifamily, construction, hospitality, asset-based and healthcare lending.

Capital Funding, LLC is a subsidiary of Baltimore-based CFG Community Bank. The bank has three branches in Lutherville, Baltimore City and Annapolis. It was recently announced that the Baltimore City branch will be relocating to the Fell's Point neighborhood on October 9, 2012. Taylor will be operating out of the bank's headquarters located at 1422 Clarkview Road.
